Standing Prayer Requests:

Continue to pray for our President and Vice President, our Nation and World Leaders, doctors, nurses, hospitals and staffers, Dr. Joseph Wright and the University of MD, Capital Region Medical Center, please pray for the frontline workers pray that they will have the strength to keep going, first responders, law enforcement, grocery, retail and convenient store workers and families, assisted living facilities, the children, love ones, loss of love ones, loss of employment, families/children set out of homes leaving them homeless, peaceful demonstrators, end the homicides/murders by race in the communities, those affected by the Pandemic, the sick, bereavement, and our mental state.

God, we continue to pray Your emotional, physical, and spiritual protection over the schools as they prepare to fully open back up the schools on the upcoming semester; we continue to pray for the children, teachers/educators/school staff, school bus operators, custodians and school nurses; and also, for some virtual and home schooling learners, the parents and grandparents.

We pray that during the school opening, the DELTA variant numbers decrease by the time school starts or years' end. We pray that the people wear their masks, continue social distancing, wash their hands as they should have been doing all along. Another variant has popped up – it's called MU; please continue to be safe.

Lord, we ask that you place a shield of protection around those teaches, children, bus drivers, etc. This school year, we ask that you keep them safe and free from any sickness, harm or danger in Jesus name Amen!

Please pray for the nearly 1 million people were without power in Louisiana on Sunday night as Hurricane Ida battered the southeastern part of the state on the 16th anniversary of Hurricane Katrina.

Continue to pray for – yet again, the senseless killing of our black men, women children. To our black boys and men, please stop killing one another!

PLEASE CONTINUE TO REMAIN VIGILANT ABOUT YOUR SAFETY!

Our prayers MUST continue...DON'T STOP!!!
