

A New Approach To New Things

And no one puts new wine into old wine skins. Otherwise, the wine will burst the skins, and the wine is lost as well as the skins. No, new wine is put into fresh wine skins. Mark 2:22 (CSB)

GOD WILL BRING NEW WINE WITH THE NEW WINE SKINS.

The illustration Jesus used about old wine skins being unable to hold new wine was NOT about leadership or transition, but the image can apply. If one thinks of the Ministry of Mount Ephraim and responsibilities as the wine skins, God will often do new things with a new approach. The old structure likely can not facilitate the new. Shifts during a period like the PANDEMIC can allow one to shift the structure or the approach for the current and future season.
